

## INFORMATION STATEMENT DATED DECEMBER 29, 2005

*This Information Statement has been prepared solely for assisting prospective purchasers in making an investment decision with respect to the Notes. This Information Statement constitutes an offering of these Notes only in those jurisdictions where they may be lawfully offered for sale and therein only by persons permitted to sell the Notes. No securities commission or similar authority in Canada has in any way passed upon the merits of the Notes offered hereunder and any representation to the contrary is an offence. The Notes offered under this Information Statement have not been, and will not be, registered under the United States Securities Act of 1933, as amended, or any securities laws of any State of the United States and may not be offered or sold in the United States or to US persons.*

### CITIBANK CANADA

## Index Optimizer Principal Protected Notes, Series 14 *Guaranteed Principal Repayment*

Citibank Canada is hereby offering Index Optimizer Principal Protected Notes, Series 14 (the “Notes”), the return on which is linked, in the manner provided herein, to the performance of the DJ Euro Stoxx 50 Index<sup>®</sup>, the S&P 500<sup>®</sup> Index, the Nikkei 225<sup>™</sup> Index, the Russell 2000<sup>®</sup> Index, the Natural Gas Price Index, the DBIQ Global IG Sovereign USD Hedged Index<sup>®</sup>, the S&P 500 Real Estate Index<sup>®</sup> and a Basket of Metals Index (as hereinafter defined) (each an “Index” and collectively the “Indexes”). The Notes will mature on March 3, 2014 (the “Maturity Date”). The Notes are not redeemable prior to the Maturity Date.

**The Notes will constitute direct unconditional obligations and deposits of Citibank Canada which are guaranteed by Citibank, N.A.** The Notes will be issued on an unsecured and unsubordinated basis and will rank *pari passu*, as among themselves, and with all other outstanding direct, unsecured and unsubordinated, present and future indebtedness (except as otherwise prescribed by law or as to any sinking fund or funds or securities set aside for such indebtedness) of Citibank Canada, and will be payable rateably without any preference or priority. **The Notes will not be deposits insured under the *Canada Deposit Insurance Corporation Act* or any other deposit insurance regime.** See “Description of the Notes – Rank”.

On the third Business Day (as hereinafter defined) following the Maturity Date (the “Payment Date”), each holder of Notes (a “Holder”) as at the Maturity Date will receive, in respect of each Note held by such Holder, repayment of \$100, being the principal amount of a Note (the “Principal Amount”) plus a return, if any (the Principal Amount and the return, if any, are collectively referred to as the “Maturity Redemption Amount”). The Maturity Redemption Amount is equal to the greater of: (a) the Principal Amount, and (b) the Principal Amount multiplied by the Total Locked-In Performance (as hereinafter defined). The Notes will not bear interest but will rather have a return per Note, if any, equal to the difference between the Maturity Redemption Amount and the Principal Amount.

See “Risk Factors” for a discussion of factors that should be considered by prospective investors in evaluating an investment in the Notes.

In this Information Statement, “\$” refers to Canadian dollars, unless otherwise expressly specified.

**PRICE : 100 % OF THE PRINCIPAL AMOUNT**

Under an agreement dated as of December 29, 2005 (the “Agency Agreement”) between Citibank Canada and Opensky Capital Inc. (the “Agent”), the Agent has agreed to promote, on a best efforts basis, the sale of the Notes in Canada and to form a selling group for the purposes of offering the Notes for sale if, as and when issued by Citibank Canada, in accordance with the terms and conditions contained in the Agency Agreement.

The settlement of this offering is scheduled to occur on or about March 3, 2006 (the “Settlement Date”). Subscriptions will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. **Subscription for Notes must be made through the mutual fund entry system FundSERV, under the mutual fund order code OPS 032.** Subscription funds received will be deposited in an account established by the Agent at National Bank Trust, in trust for the beneficial Holders. The interest earned by a subscriber on the subscription funds will be used by the Agent to subscribe, for the benefit of the relevant beneficial Holders, for that number of additional Notes (or portion thereof) corresponding to the amount of earned interest. See “FundSERV – Purchase through FundSERV”.

A global certificate for the full amount of the issue will be issued in registered form to The Canadian Depository for Securities Limited (“CDS”) and will be deposited with CDS on the Settlement Date. Subject to certain exceptions, certificates evidencing the Notes will not be available to Holders and registration of interests in the Notes will be made through CDS’s book-entry system. See “Description of the Notes – Book-Entry System”.

**ADDENDUM N° 1 DATED JANUARY 16, 2006 TO  
INFORMATION STATEMENT DATED DECEMBER 29, 2005**

**CITIBANK CANADA**

**Index Optimizer Principal Protected Notes, Series 14**  
*Guaranteed Principal Repayment*

**Replacement of the Basket of Metals Index**  
**by the Copper Price Index**

Citibank Canada is offering, pursuant to an Information Statement dated December 29, 2005 (the "Information Statement"), Index Optimizer Principal Protected Notes, Series 14 (the "Notes"), the return on which is linked to the performance of eight indexes. One of the indexes referred to in the information statement is a Basket of Metals Price Index. The purpose of this Addendum is to replace such index in the calculation of the performance of the Notes by the Copper Price Index. Accordingly, the Information Statement is modified as follows:

On the cover page of the Information Statement, in the first sentence of the first paragraph, the reference to "a Basket of Metals Index (as hereinafter defined)" is hereby deleted and replaced by "the Copper Price Index".

On page 3, in the Section entitled "SUMMARY OF THE OFFERING – Indexes", the reference to "a Basket of Metals Index" is hereby deleted and replaced by "the Copper Price Index".

On pages 7 and 8, in the Section entitled "DEFINITIONS":

- (a) the definition of "Basket of Metals Index" is hereby deleted;
- (b) in the definition of "Indexes", the reference to "a Basket of Metals Index" is hereby deleted and replaced by "the Copper Price Index";
- (c) in the definition of "Trading Day", the reference to "(including, for the purposes of this definition, the components of the Basket of Metals Index)" is hereby deleted.

On page 10, in the Section entitled "DESCRIPTION OF THE NOTES – Total Locked-In Performance – Starting and Closing Index Levels", in the definition of "Market Disruption Event", the reference to "(including, for the purposes of this definition, the components of the Basket of Metals Index)" is hereby deleted.

On page 12, in the Section entitled “DESCRIPTION OF THE NOTES – Example”, the table is hereby deleted in its entirety and replaced by the following:

Indexes	Starting Level	Closing Index Level							
		Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8
DJ Euro Stoxx 50 Index	3,346.64	2,873.61	2,382.65	2,719.69	2,763.49	2,471.08	2,506.12	3,008.76	3,536.73
S&P 500 Index	1,257.37	1,111.34	644.43	817.21	1,227.39	797.66	941.80	1,149.24	
Nikkei 225 Index	15,484.66	15,555.00	17,485.04	16,662.06	16,437.04	17,624.17	19,647.68		
Russell 2000 Index	683.01	864.10	731.39	632.03	753.36	837.69			
DBIQ Global Sovereign	159.32	193.43	178.95	188.37	206.86				
S&P 500 Real Estate	131.69	156.80	167.22	178.69					
Natural Gas Price Index	13.70	17.29	19.39						
Copper Price Index	2,680.27	3,573.41							

Indexes	Ratio of Closing Index Level over Starting Index Level for remaining Eligible Indices							
	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8
DJ Euro Stoxx 50 Index	85.87%	71.20%	81.27%	82.58%	73.84%	74.88%	89.90%	105.68%
S&P 500 Index	88.39%	51.25%	64.99%	97.62%	63.44%	74.90%	91.40%	
Nikkei 225 Index	100.45%	112.92%	107.60%	106.15%	113.82%	126.88%		
Russell 2000 Index	126.51%	107.08%	92.54%	110.30%	122.65%			
DBIQ Global Sovereign	121.41%	112.32%	118.23%	129.84%				
S&P 500 Real Estate	119.07%	126.98%	135.69%					
Natural Gas Price Index	126.21%	141.55%						
Copper Price Index	133.32%							

Best Performing Index	133.32%	141.55%	135.69%	129.84%	122.65%	126.88%	91.40%	105.68%
Locked-In Performance (PPI)	112.00%	112.00%	112.00%	112.00%	112.00%	112.00%	91.40%	105.68%
Total Locked-In Performance	1.9065							
Maturity Redemption Amount	\$190.65							

On page 12, in the Section entitled “DESCRIPTION OF THE NOTES – Discontinuance, Modification or Replacement of the Indexes; Alteration of Method of Calculation”, in the first sentence of the first paragraph, the reference to “(including, for the purposes of this section, the components of the Basket of Metals Index)” is hereby deleted.

On page 16, in the Section entitled “INDEXES”:

- (a) in the table column entitled “Index”, the reference to “Basket of Metals Index” is hereby deleted and replaced by “Copper Price Index”;
- (b) in the table column entitled “Bloomberg Code”, the reference to “GPX and LOCADY” is hereby deleted and replaced by “LOCADY”.

On pages A-15 to A-17, the Section entitled “ANNEX A – Basket of Metals Index” is hereby deleted in its entirety and replaced by the following:

**“Copper Price Index**

Copper is a malleable and ductile metal, which rarely occurs in pure form in nature. It is usually found in sulfides or oxides. It is most often used as a conductor of heat and electricity and is widely used for electrical wiring, water piping and corrosion-resistant parts, either pure or in alloys such as brass and bronze. Its alloys are used in jewellery and for coins. The Copper Price Index is based upon the generic first future price in US dollars per metric ton of copper.

The following chart shows the performance of copper from January 31, 1990 to and including November 30, 2005:

*For further information on the Index Optimizer Principal Protected Notes, Series 14, see the Information Statement dated December 29, 2005.*

*This Information Statement has been prepared for the sole purpose of assisting prospective investors in making an investment decision with respect to the Notes. Citibank Canada has taken reasonable care to ensure that the facts stated in this Information Statement with respect to the description of the Notes are true and accurate in all material aspects. However, Citibank Canada and the Agent make no assurances, representations or warranties with respect to the accuracy, reliability or completeness of information obtained from third parties.*

*Any directional views on the future performance of any of the Indexes expressed in this Information Statement or implied within the terms of the Notes may not reflect the views of Citigroup or any of its affiliates on any of the Indexes and are not necessarily consistent with the views of Citigroup's research analysts on any of the Indexes. Investors should make any decision to invest in the Notes based on their own views on the likely future performance of the Indexes without reliance on Citigroup or any of its affiliates and with the knowledge that the views of Citigroup or any of its affiliates and the views of other market professionals may be different than theirs. Furthermore, the Agent nor any of its affiliates expresses any views on the future performance of any of the Indexes.*

### ELIGIBILITY FOR INVESTMENT

In the opinion of Fasken Martineau DuMoulin LLP, counsel to Citibank Canada and the Agent, the Notes offered hereby will, at the Settlement Date, be qualified investments for trusts governed by registered retirement savings plans, registered retirement income funds, registered education savings plans or deferred profit sharing plans within the meaning of the *Income Tax Act* (Canada) (the "Income Tax Act") (other than a deferred profit sharing plan under which Citibank Canada or a person or partnership with which Citibank Canada does not deal at arm's length within the meaning of the Income Tax Act is an employer).

## SUMMARY OF THE OFFERING

*The following is a summary of more detailed information appearing elsewhere in this Information Statement. Capitalized terms not defined in this summary are defined elsewhere in this Information Statement. See "Definitions".*

<b>Issue:</b>	Index Optimizer Principal Protected Notes, Series 14.
<b>Issuer:</b>	Citibank Canada.
<b>Guarantor:</b>	Citibank, N.A.
<b>Subscription Price:</b>	100% of the Principal Amount.
<b>Settlement Date (Original Issuance Date):</b>	On or about March 3, 2006.
<b>Maturity Date:</b>	March 3, 2014.
<b>Payment Date:</b>	The 3 <sup>rd</sup> Business Day following the Maturity Date.
<b>Principal Amount:</b>	\$100 per Note.
<b>Indexes:</b>	The DJ Euro Stoxx 50 Index <sup>®</sup> , the S&P 500 <sup>®</sup> Index, the Nikkei 225 <sup>™</sup> Index, the Russell 2000 <sup>®</sup> Index, the Natural Gas Price Index, the DBIQ Global IG Sovereign USD Hedged Index <sup>®</sup> , the S&P 500 Real Estate Index <sup>®</sup> and a Basket of Metals Index.
<b>Maturity Redemption Amount:</b>	<p>At the Payment Date, a Holder will receive, in respect of each Note held by such Holder as at the Maturity Date, repayment of the Principal Amount plus a return, if any, together being equal to the Maturity Redemption Amount. The Maturity Redemption Amount is equal to the greater of:</p> <ul style="list-style-type: none"><li>(a) the Principal Amount; and</li><li>(b) the Principal Amount x Total Locked-In Performance.</li></ul> <p>The maximum Maturity Redemption Amount is \$247.60, which is equivalent to an annual compounded rate of return of 12.0 % per annum over eight years.</p>
<b>Return:</b>	<p>The Notes will not bear interest during the term of the Notes or after the Maturity Date, but will rather have a return per Note, if any, equal to the difference between the Maturity Redemption Amount and the Principal Amount. Such return per Note, if any, will not be payable prior to the Payment Date. The maximum Maturity Redemption Amount is \$247.60, which is equivalent to an annual compounded rate of return of 12.0 % per annum over eight years.</p>
<b>Locked-In Performance Determination Dates:</b>	March 3 for each of the calendar years from 2007 to 2014.
<b>Locked-In Performances:</b>	<p>On each Locked-In Performance Determination Date, the Calculation Agent will select, among the remaining Indexes, the Index having shown the best performance. The best performing Index will be the one showing the highest ratio, expressed in percentage, of the Closing Index Level divided by the Starting Index Level. Each selected Locked-In Performance will be capped to 112.0% of the Starting Index Level. When the performance of an Index is "locked-in", the corresponding Index is discarded for purposes of computing future Locked-In Performances. The determination of the first</p>

Locked-In Performance will be made on March 3, 2007 (i.e. the Locked-In Performance Determination Date for the period from the Settlement Date to March 3, 2007). This process will be repeated on each March 3 of the calendar years 2008 through 2014. By a process of elimination, on the final Locked-In Performance Determination Date in 2014, there will only be one remaining Index from which a Locked-in Performance will be obtained. In this manner, each Index will be selected at least and only once and each Index will have its corresponding Locked-In Performance.

**Total Locked-In Performance:**

The Total Locked-In Performance will be calculated by multiplying each of the eight Locked-In Performances as follows:

$$\text{IndexR}_1 \times \text{IndexR}_2 \times \text{IndexR}_3 \times \text{IndexR}_4 \times \text{IndexR}_5 \times \text{IndexR}_6 \times \text{IndexR}_7 \times \text{IndexR}_8$$

with “IndexR<sub>1</sub>”, “IndexR<sub>2</sub>”, “IndexR<sub>3</sub>”, “IndexR<sub>4</sub>”, “IndexR<sub>5</sub>”, “IndexR<sub>6</sub>”, “IndexR<sub>7</sub>” and “IndexR<sub>8</sub>”, representing the Locked-In Performance for the relevant Index on each Locked-In Performance Determination Date up to and including the final Locked-In Performance Determination Date.

**Starting Index Level:**

The closing level of the Indexes on the Settlement Date, as determined by the Calculation Agent.

**Closing Index Level:**

The closing level of each Index at the regular official close of trading on each Locked-In Performance Determination Date, which is March 3 for each of the calendar years 2007 through 2014. If any Locked-In Performance Determination Date is not a Trading Day or if a Market Disruption Event (as hereinafter defined) occurs on such date, the closing level of the relevant Index on the first following day that is a Trading Day or the first Trading Day on which a Market Disruption Event has ceased will be used. If such a Market Disruption Event should last more than 15 days, the closing level of the relevant Index will be determined by the Calculation Agent in its sole discretion and in good faith using all available market information.

For each Locked-In Performance Determination Date, the Closing Index Level for each eligible Index will be determined by the Calculation Agent.

Reference herein to the Indexes will be deemed to include any Successor Indexes unless the context requires otherwise. See “Description of the Notes – Discontinuance or Modification of the Indexes; Alteration of Method of Calculation”.

**Guarantee:**

The payment of all amounts under the Notes when and as they shall become due and payable will be irrevocably and unconditionally guaranteed by Citibank, N.A. (the “Guarantor”), the long term debt obligations of which, as of the date hereof, are rated AA by Standard & Poor’s Rating Service, a division of The McGraw-Hill Companies, Inc. (“S&P”) and Aa1 by Moody’s Investors Service, Inc. (“Moody’s”). **A rating is not a recommendation to buy, sell or hold investments, and may be subject to revision or withdrawal at any time by the relevant rating agency. See “Guarantee”.**

**Rank:**

The Notes will constitute direct unconditional obligations and deposits of Citibank Canada. The Notes will be issued on an unsecured and unsubordinated basis and will rank *pari passu*, as among themselves and with all other outstanding direct, unsecured and unsubordinated, present and future indebtedness (except as otherwise prescribed by law or as to any sinking fund or funds or securities set aside for such indebtedness) of Citibank Canada, and will be payable rateably without any preference or priority. **The Notes will not be deposits insured under the Canada Deposit Insurance Corporation Act or under any other deposit insurance regime.** See “Description of the Notes – Rank”.

<b>Credit Rating:</b>	The Notes have not been rated. As of the date hereof, the long-term debt obligations of Citibank Canada are rated AA (high) by Dominion Bond Rating Service, Limited (“DBRS”) and AA by S&P. There can be no assurance that, if the Notes were specifically rated by DBRS or S&P, they would have the same rating as the long-term debt obligations of Citibank Canada. <b>A rating is not a recommendation to buy, sell or hold investments, and may be subject to revision or withdrawal at any time by the relevant rating agency.</b>
<b>Calculation Agent:</b>	Citibank Canada.
<b>Use of Proceeds:</b>	The net proceeds of this offering (after payment of the expenses related to this offering, the amount payable to the Agent and the commission payable to the members of the selling group) will be used by Citibank Canada for general banking purposes.
<b>Book-Entry System:</b>	<p>The Notes will be evidenced by a single nominative global certificate held by CDS, or on its behalf, as registered holder of the Notes. Registration of the interests in and transfers of the Notes will be made only through the depository system of CDS. Subject to certain exceptions, no Holder will be entitled to any certificate or other instrument from Citibank Canada or CDS evidencing the ownership of the Notes and no Holder will be shown on the records maintained by CDS except through a CDS Participant. See “Description of the Notes – Book-Entry System”.</p> <p>Holders will have an indirect beneficial interest in the global certificate held by CDS. See “FundSERV”.</p>
<b>Eligibility for Investment:</b>	The Notes will, at the Settlement Date, be qualified investments for trusts governed by registered retirement savings plans, registered retirement income funds, registered education savings plans or deferred profit sharing plans within the meaning of the <i>Income Tax Act</i> (Canada) (other than a deferred profit sharing plan under which Citibank Canada or a person or partnership with which Citibank Canada does not deal at arm’s length within the meaning of the <i>Income Tax Act</i> (Canada) is an employer). See “Eligibility for Investment”.
<b>Risk Factors:</b>	Prospective investors should carefully consider all of the information set forth in this Information Statement and, in particular, should take into account the specific risk factors associated with the investment in the Notes offered hereunder set forth in “Risk Factors”.
<b>Income Tax Considerations:</b>	The excess, if any, of the Maturity Redemption Amount over the Principal Amount of a Note will be included in a Holder’s income as interest, in the taxation year in which the Maturity Date occurs. Subject to the limitations outlined under “Certain Canadian Income Tax Considerations”, an amount received by a Holder on a disposition or a deemed disposition of a Note (other than a payment by Citibank Canada) should give rise to a capital gain (or capital loss) to such Holder at such time to the extent such amount exceeds (or is less than) the aggregate of such Holder’s adjusted cost base of the Note and any reasonable costs of disposition. <b>Holders who dispose of a Note within a short period of time before the Maturity Date or pursuant to a private agreement between Citibank Canada and a Holder should consult their own tax advisor with respect to their particular circumstances.</b> See “Certain Canadian Income Tax Considerations”.

**Secondary Market for  
the Notes and Weekly  
Sale Mechanism of  
FundSERV:**

There is currently no market through which the Notes may be sold. Citibank Canada does not intend to apply for listing of the Notes on any exchange.

The Agent intends, subject to certain conditions, to maintain from October 2006 until the Maturity Date, under normal market conditions, a weekly secondary market for the Notes, in which the maximum bid-offer spread will be 1.00% of the Net Bid Price (as hereinafter defined) (excluding commissions) when orders and settlements are made through FundSERV and 1.00% of the Principal Amount (excluding commissions) when orders and settlements are not made through FundSERV. In addition, Citibank Canada may, from time to time, purchase Notes for cancellation pursuant to private agreements between Citibank Canada and Holders. See "FundSERV" and "Plan of Distribution".

**Holders choosing to sell their Notes prior to the Maturity Date will receive a market price which is not necessarily equal to 100% of the Principal Amount and which does not necessarily reflect any increase in the Indexes to the date of such sale. See "Risk Factors – Secondary Market for the Notes / Possible Illiquidity of Secondary Market".**

## DEFINITIONS

In this Information Statement, unless the context otherwise requires:

“**Agency Agreement**” means the agreement dated as of December 29, 2005 between Citibank Canada and the Agent;

“**Agent**” means OpenSky Capital Inc.;

“**Basket of Metals Index**” means an Index on a basket, 50% of which is composed of the performance, from the Settlement Date, of the spot price in US dollars of copper and 50% of which is composed of the performance, from the Settlement Date, of the GSCI<sup>®</sup> Precious Metals Spot SubIndex.

“**Book-Entry System**” means the record entry, transfer and pledge system established and governed by one or more agreements between CDS and CDS Participants pursuant to which the operating rules and procedures for such system are established and administered by CDS, including in relation to CDS;

“**Calculation Agent**” means Citibank Canada;

“**CDS**” means The Canadian Depository for Securities Limited or its nominee;

“**CDS Participant**” means a broker, dealer, bank or other financial institution or other person for whom CDS effects book-entry transfers and pledges of Notes under the Book-Entry System;

“**Citigroup**” means Citigroup Inc.;

“**Closing Index Level**” means the closing level of each Index at the regular official close of trading on each Locked-In Performance Determination Date;

“**CRA**” means the Canada Revenue Agency;

“**DBRS**” means Dominion Bond Rating Service, Limited;

“**FundSERV**” means the facility maintained and operated by FunSERV Inc. for electronic communication with participating companies, including the receiving of orders, order match, contracting, registrations, settlement of orders, transmission of confirmation of purchases, and the redemption of investments or instruments;

“**Guarantor**” means Citibank, N.A.;

“**Holder**” means a registered holder or beneficial owner of a Note;

“**Indexes**” means, collectively, the DJ Euro Stoxx 50 Index<sup>®</sup>, the S&P 500<sup>®</sup> Index, the Nikkei 225<sup>™</sup> Index, the Russell 2000<sup>®</sup> Index, the Natural Gas Price Index, the DBIQ Global IG Sovereign USD Hedged Index<sup>®</sup>, the S&P 500 Real Estate Index<sup>®</sup> and a Basket of Metals Index;

“**Locked-In Performance Determination Dates**” means March 3 for each of the calendar years from 2007 to 2014;

“**Market Disruption Event**” has the meaning ascribed thereto under “Description of the Notes — Market Disruption Event”;

“**Maturity Date**” means March 3, 2014;

“**Maturity Redemption Amount**” means, in respect of each Note held by a Holder as at the Maturity Date, the repayment of the Principal Amount plus a return, if any, together being equal to the greater of:

- (a) the Principal Amount; and
- (b) the Principal Amount x Total Locked-In Performance.

“**Moody’s**” means Moody’s Investors Service, Inc.;

“**Net Bid Price**” has the meaning ascribed thereto under “FundSERV — Sale through FundSERV”;

“**Notes**” means the Index Optimizer Principal Protected Notes, Series 14;

“**Payment Date**” means the third Business Day following the Maturity Date;

“**Principal Amount**” means \$100 per Note;

“**S&P**” means Standard & Poor’s Rating Service, a division of The McGraw-Hill Companies, Inc.;

“**Settlement Date**” means on or about March 3, 2006;

“**Starting Index Level**” means the closing level of the Indexes on the Settlement Date, as determined by the Calculation Agent;

“**Subscription Price**” means 100% of the Principal Amount;

“**Total Locked-In Performance**” means the amount calculated by multiplying each of the eight Locked-In Performances as follows:

$$\text{IndexR}_1 \times \text{IndexR}_2 \times \text{IndexR}_3 \times \text{IndexR}_4 \times \text{IndexR}_5 \times \text{IndexR}_6 \times \text{IndexR}_7 \times \text{IndexR}_8$$

with “IndexR<sub>1</sub>”, “IndexR<sub>2</sub>”, “IndexR<sub>3</sub>”, “IndexR<sub>4</sub>”, “IndexR<sub>5</sub>”, “IndexR<sub>6</sub>”, “IndexR<sub>7</sub>” and “IndexR<sub>8</sub>”, representing the Locked-In Performance for the relevant Index on each Locked-In Performance Determination Date up to and including the final Locked-In Performance Determination Date; and

“**Trading Day**” means a day on which there exists a published closing level for that day for each remaining Index (including, for the purposes of this definition, the components of the Basket of Metals Index).

## CITIBANK CANADA

Citibank Canada is a Canadian chartered bank whose head office is located at 10<sup>th</sup> Floor, Citibank Place, 123 Front Street West, Toronto, Ontario M5J 2M3. Citibank Canada is licensed to operate as a bank in Canada with full banking powers and is incorporated under the *Bank Act* (Canada) as a foreign bank subsidiary. Citibank Canada is an indirect wholly-owned subsidiary of Citibank, N.A. Citibank, N.A. is an indirect, wholly-owned subsidiary of Citigroup, a Delaware corporation, whose principal office is located in New York, New York. Citigroup is a diversified financial holding company whose businesses provide a broad range of financial services to consumer and corporate customers in over 100 countries and territories. On September 30, 2005, Citigroup had total consolidated assets of US\$1.47 trillion and stockholders' equity of US\$112 billion. As of September 30, 2005, Citibank Canada had total consolidated assets of \$13.9 billion and shareholder's equity of \$847 million.

Copies of the most recent audited consolidated financial statements of Citibank Canada and copies of subsequent unaudited consolidated financial statements may be obtained by writing to Citibank Canada to the attention of the Chief Financial Officer, Suite 1700, Citibank Place, 123 Front Street West, Toronto, Ontario M5J 2M3.

Citibank Canada is a full service chartered bank, offering a wide range of financial services to corporations, public sector entities and individuals through offices in Toronto, Montreal, Calgary and Vancouver. Citibank Canada and its subsidiaries are active in commercial and personal lending, deposit taking, equipment leasing, risk management and hedging transactions, and investing in commercial paper, bank instruments and government obligations.

### DESCRIPTION OF THE NOTES

The following is a summary of the material attributes and characteristics of the Notes offered hereby, which does not purport to be complete. Reference is made to the global certificate referred to below which contains the full text of such attributes and characteristics.

#### General; Evidence of the Notes

This offering consists of Notes which are being issued by Citibank Canada which will be payable on the Settlement Date. The Notes will mature on March 3, 2014.

A global certificate for the full amount of the issue will be issued in registered form to CDS on the Settlement Date. Subject to a certain exception, certificates evidencing the Notes will not be available to Holders and registration of ownership of the Notes will be made through the Book-Entry System of CDS. See "Description of the Notes - Book-Entry System".

Citibank Canada may from time to time issue additional series of Notes (which may or may not resemble the Notes), or any other debt instruments or deposit notes.

#### Maturity Redemption Amount

At the Payment Date, a Holder will receive, in respect of each Note held by such Holder, repayment of the Principal Amount plus a return, if any, together being equal to the Maturity Redemption Amount. The Maturity Redemption Amount is equal to the greater of:

- (a) the Principal Amount; and
- (b) the Principal Amount x Total Locked-In Performance.

The maximum Maturity Redemption Amount is \$247.60, which is equivalent to an annual compounded rate of return of 12.0% per annum over eight years.

#### Total Locked-In Performance

The Total Locked-In Performance will be calculated by multiplying each of the Locked-In Performances as follows:

$\text{IndexR}_1 \times \text{IndexR}_2 \times \text{IndexR}_3 \times \text{IndexR}_4 \times \text{IndexR}_5 \times \text{IndexR}_6 \times \text{IndexR}_7 \times \text{IndexR}_8$

with "IndexR<sub>1</sub>", "IndexR<sub>2</sub>", "IndexR<sub>3</sub>", "IndexR<sub>4</sub>", "IndexR<sub>5</sub>", "IndexR<sub>6</sub>", "IndexR<sub>7</sub>" and "IndexR<sub>8</sub>", representing the Locked-In Performance for the relevant Index on each Locked-In Performance Determination Date up to and

including the final Locked-In Performance Determination Date on March 3, 2014. See “– Locked-In Performances” below.

The Total Locked-In Performance will be calculated by the Calculation Agent immediately after the determination of the Closing Index Level on the last Locked-In Performance Determination Date. The Calculation Agent will provide notice to the Agent of each Locked-In Performance immediately after its determination and of the Total Locked-In Performance by the close of business on the Business Day following the Maturity Date. All percentages resulting from any calculation with respect to the Notes will be rounded to the nearest one hundredth of a percentage point, with five one thousandth of a percentage point rounded upwards, and all dollar amounts used in or resulting from such calculation will be rounded to the nearest cent with one-half being rounded upwards.

#### *Locked-In Performances*

On each Locked-In Performance Determination Date, the Calculation Agent will select, among the remaining Indexes, the Index having shown the best performance (the “Locked-In Performance”). The best performing Index will be the one showing the highest ratio, expressed in percentage, of the Closing Index Level divided by the Starting Index Level. Each selected Locked-In Performance will be capped to 112.0% of the Starting Index Level. When the performance of an Index is “locked-in”, such Index is discarded for purposes of computing future Locked-In Performances.

The determination of the first Locked-In Performance will be made on March 3, 2007 (i.e. the Locked-In Performance Determination Date for the period from the Settlement Date to March 3, 2007). This process will be repeated on each March 3 of the calendar years 2008 through 2014 (each such date on which the Locked-In Performance is determined, a “Locked-In Performance Determination Date”). By a process of elimination, for the final Locked-In Performance Determination Date in 2014, there will only be one remaining Index from which a Locked-In Performance will be obtained. In this manner, each Index will be selected at least and only once and each Index will have its corresponding Locked-In Performance.

#### *Starting and Closing Index Levels*

The starting level of the Indexes is the closing level of the Indexes at the regular official close of trading on the Settlement Date in the base currency in which the Indexes are calculated, as determined by the Calculation Agent.

The closing level of each Index or any Successor Index is the closing level of such Index at the regular official close of trading on each Locked-In Performance Determination Date in the base currency in which the Indexes are calculated, which is March 3 for each of the calendar years 2007 through 2014. If any Locked-In Performance Determination Date is not a Trading Day or if a Market Disruption Event occurs on such date, the closing level of the relevant Index on the first following day that is a Trading Day or the first Trading Day on which a Market Disruption Event has ceased will be used. If such a Market Disruption Event should last more than 15 days, the closing level of the relevant Index will be determined by the Calculation Agent in its sole discretion and in good faith using all available market information. The Closing Index Level will not include any distributions or dividends paid on the securities included in the Indexes, if any.

The Starting Index Level and Closing Index Level figures will be determined by the Calculation Agent.

“Market Disruption Event” means, with respect to an Index (including, for the purposes of this definition, the components of the Basket of Metals Index) or any Successor Index (as hereinafter defined): (i) a suspension, absence or material limitation of trading of 20% or more of the securities included in such Index or any Successor Index, as the case may be, in each case for more than two hours of trading or during the one-half hour period preceding the close of trading on the relevant exchange, (ii) if the relevant Index or any Successor Index is linked to the performance of one or many commodities, a suspension, absence or material limitation of trading of one or many commodities included in such Index or any Successor Index, as the case may be, in each case for more than two hours of trading or during the one-half hour period preceding the close of trading on the relevant exchange, or the failure of the relevant entity to announce or publish the spot price (or the information necessary for determining the spot price) for one or many commodities included in such Index or any Successor Index, (iii) the suspension, absence or material limitation of trading on any major exchange for trading in futures or options contracts related to the relevant Index or any Successor Index for more than two hours of trading or during the one-half hour period preceding the close of trading in the applicable market, in each case as determined by the Calculation Agent in its sole discretion, (iv) the taking of any action by any governmental, administrative, legislative or judicial authority or

power of Canada, the United States of America or any other country, or any political subdivision thereof which has a material adverse effect on the financial markets of Canada or the United States of America, as determined by the Calculation Agent in its sole discretion; or (v) any outbreak or escalation or hostilities or other national or international calamity or crisis (including, without limitation, natural calamities) which has or would have a material adverse effect on the Notes or on Citibank Canada's or its agent's ability to place, maintain or modify hedges of positions with respect to the Indexes or a material adverse effect on the economy of Canada or the United States of America or the trading of securities or commodities generally on any applicable exchange or related market, as determined by the Calculation Agent in its sole discretion. For purposes of determining whether a Market Disruption Event has occurred: (1) a limitation on the hours or number of days of trading or closure as part of regular schedule business hours will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange or market, (2) a decision to permanently discontinue trading in the relevant futures or options contract will not constitute a Market Disruption Event, (3) limitations on trading during significant market fluctuations pursuant to any applicable rule or regulation enacted, promulgated or followed by any relevant exchange or self-regulatory organization or the securities commission relevant to the operation of one or more of the Indexes as determined by the Calculation Agent will constitute a Market Disruption Event, and (4) a suspension of trading in a futures or options contract on the relevant Index or on any Successor Index by a major exchange or market for more than two hours by reason of (a) a price change exceeding limits set by such relevant exchange or market, (b) an imbalance of orders relating to such contracts or (c) a disparity in bid and ask quotes relating to such contracts, will constitute a Market Disruption Event.

Unless otherwise specifically provided, "Business Day" as used in this Information Statement means any day other than (i) a Saturday or Sunday, or (ii) a day on which banking institutions in the cities of Toronto, Canada and New York, United States of America, are authorized or obligated by law or executive order to be closed. In any case where any date specified herein for any payment under the Notes or other action required to be taken in connection therewith shall not be a Business Day, then such payment date will be, or such other required action will be taken on, the immediately succeeding Business Day (except in the case of the determination of Starting Index Level and Closing Index Level figures, which shall be as described above).

## Example

The following table illustrates the manner in which the Maturity Redemption Amount will be calculated. In this illustration, each Holder would receive an amount of \$190.65 per Note.

PLEASE NOTE THAT THIS TABLE IS PROVIDED FOR ILLUSTRATIVE PURPOSES ONLY AND SHOULD NOT BE CONSTRUED AS AN ESTIMATE OR FORECAST OF THE CLOSING INDEX LEVEL OF THE INDEXES.

Indexes	Starting Level		Closing Index Level						
	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	
DJ Euro Stoxx 50 Index	3,346.64	2,873.61	2,382.65	2,719.69	2,763.49	2,471.08	2,506.12	3,008.76	3,536.73

Total Locked-In Performance	1.9065							
Maturity Redemption Amount	\$190.65							

## Discontinuance, Modification or Replacement of the Indexes; Alteration of Method of Calculation

If the calculation or publication of any of the Indexes (including, for the purposes of this section, the components of the Basket of Metals Index) are discontinued and a successor or substitute Index is calculated or published (such successor or substitute index being referred to herein as a “Successor Index”), that the Calculation Agent determines, in its sole discretion, to be comparable to the discontinued Index (the “Discontinued Index”), then any subsequent Closing Index Level for such Discontinued Index will be determined by reference to the level of such Successor Index at the close of trading on the relevant exchange or market for the Successor Index on the date as of which such Closing Index Level is to be computed. If no successor or substitute Index is provided with respect to a Discontinued Index, the Calculation Agent will designate another Index to replace the Index (such Index being also referred to herein as a “Successor Index”), provided that the Calculation Agent reasonably determines that the Successor Index substantially tracks the market performance of the broad class and market in which the Discontinued Index participated and with adjustments as may be determined by the Calculation Agent. The Calculation Agent may also change any of the Indexes (the “Replacing Index”) on which the Notes are linked upon prior approval of the Agent. Any Replacing Index will have to substantially track the market performance of the broad class and market of the Index it replaces (the “Replaced Index”). Any subsequent Closing Index Level for such Discontinued Index or Replaced Index will be determined by reference to the level of such Successor Index or Replacing Index at the close of trading on the relevant exchange or market for the Successor Index or Replacing Index on the date as of which such Closing Index Level is to be computed.

Upon any selection by the Calculation Agent of a Successor Index or Replacing Index, the Calculation Agent will cause written notice thereof to be furnished to the Agent and to the Holders within three Business Days of such selection. If a Successor Index or Replacing Index is selected by the Calculation Agent, the Successor Index or Replacing Index will be used as a substitute for the relevant Discontinued Index or Replaced Index for all purposes, including for purposes of determining whether a Market Disruption Event exists.

Notwithstanding these alternative arrangements, discontinuance of the calculation and publication of any of the Indexes may adversely affect the value of, and trading in, the Notes.

If at any time the method of calculation of any Index, Successor Index or Replacing Index, or the level thereof, is changed in a material respect, or if such Index, Successor Index or Replacing Index is in any other way modified so that such Index does not, in the opinion of the Calculation Agent, fairly represent the level of the Index or such Successor Index or Replacing Index had such changes or modifications not been made, then, for purposes of calculating the Closing Index Level or Locked-In Performance or the Maturity Redemption Amount or making any other determinations as of or after such time, the Calculation Agent will make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a value of an Index comparable to the Index or such Successor Index or Replacing Index, as the case may be, as if such changes or modifications had not been made, and calculate the Maturity Redemption Amount (including the components thereof) with reference to the Index or such Successor Index or Replacing Index, as adjusted.

In the event that, on any date as of which a Closing Index Level is to be determined, any Index is not calculated by the Calculation Agent but is calculated by a third party acceptable to the Calculation Agent, in its sole discretion, the Calculation Agent will use such third party's calculation as its reference for determining the level of the Index.

### **Return**

The Notes will not bear interest during the term of the Notes or after the Maturity Date, but will rather have a return per Note, if any, equal to the difference between the Maturity Redemption Amount and the Principal Amount. Such return per Note, if any, will not be payable prior to the Payment Date. The maximum Maturity Redemption Amount is \$247.60, which is equivalent to an annual compounded rate of return of 12.0% per annum over eight years.

No distributions or other payments will be payable on the Notes prior to the Maturity Date.

### **Rank**

The Notes will constitute direct unconditional obligations and deposits of Citibank Canada. The Notes will be issued on an unsecured and unsubordinated basis and will rank *pari passu*, as among themselves and with all other outstanding, direct, unsecured and unsubordinated, present and future indebtedness (except as otherwise prescribed by law or as to any sinking fund or funds or securities set aside for such indebtedness) of Citibank Canada, and will be payable rateably without any preference or priority. The Notes will not be deposits insured under the *Canada Deposit Insurance Corporation Act* or any other deposit insurance regime.

### **Credit Rating**

As of the date hereof, the domestic long-term debt obligations of Citibank Canada are rated AA (high) by DBRS and AA by S&P. There can be no assurances that, if the Notes were specifically rated by DBRS or S&P, they would have the same rating as the long-term debt obligations of Citibank Canada. A rating is not a recommendation to buy, sell or hold investments, and may be subject to revision or withdrawal at any time by the relevant rating agency.

### **Settlement at Maturity**

Citibank Canada will be required to make available to Holders, no later than 10:00 a.m. (Eastern time) on the Payment Date, funds in an amount sufficient to pay the amounts due under the Notes, being the Maturity Redemption Amount for each Note.

All amounts payable in respect of the Notes will be made available by Citibank Canada on the relevant payment date through CDS or its nominee, or otherwise by cheque or (pursuant to an agreement between a Holder and the relevant CDS Participant) by wire transfer. CDS or its nominee will, upon receipt of any such amount, facilitate payment to the applicable CDS Participants or credit the account of such CDS Participants, in amounts proportionate to their respective interests as shown on the records of CDS.

Neither Citibank Canada nor CDS will be bound to see the execution of any trust affecting the ownership of any Note or be affected by notice of any equity that may be subsisting with respect to any Note.

### **No Redemption at the Option of Citibank Canada or the Holder**

The Notes are not subject to redemption at the option of Citibank Canada or any Holder prior to the Maturity Date.

### **Purchase For Cancellation**

Citibank Canada may, from time to time, purchase Notes for cancellation pursuant to private agreements between Citibank Canada and Holders.

### **Book-Entry System**

The Notes will be issued in “book-entry only” form and must be subscribed, transferred and repurchased through a CDS Participant either directly or through FundSERV. On the Settlement Date, Citibank Canada will cause all Notes in the form of a single global certificate to be delivered to and registered in the name of CDS. Registration of interests in and transfers of the Notes will be made only through the depository service of CDS. Subject to the exceptions mentioned hereinafter, no Holder will be entitled to any certificate or other instrument from Citibank Canada or CDS evidencing the ownership thereof, and no Holder will be shown on the records maintained by CDS, except through a CDS Participant. All rights of a Holder must be exercised through, and all payments or other property to which such Holder is entitled will be made or delivered by, CDS or the CDS Participant through which the Holder holds the Notes. Upon subscription of any Notes, the Holder will receive only the customary confirmation that will be sent to such Holder by the dealers from whom or through whom such Notes are subscribed.

Definitive certificates in relation to the Notes will be issued to CDS Participants if (1) Citibank Canada advises the Holders that (i) CDS is no longer willing or able to properly discharge its responsibilities as depository with respect to Notes or (ii) CDS ceases to be a recognized clearing agency under the *Securities Act* (Ontario) or a self-regulatory organization under the *Securities Act* (Québec) or other applicable Canadian securities legislation, and the Holders and Citibank Canada are unable to locate a qualified successor depository system, or (2) if Citibank Canada, at its option, advises the Holders in writing that it elects to terminate the use of the Book-Entry System with respect to the Notes. Upon the surrender by CDS of the global certificate representing the Notes and instructions from CDS for registration, Citibank Canada will issue definitive certificates to CDS Participants appearing on the records maintained by CDS at the time of or as soon as practicable prior to such delivery, which definitive certificates will thereafter evidence Notes previously evidenced by the global certificate.

The Maturity Redemption Amount payable under the global certificate will be paid to the applicable CDS Participants to those Participants’ CDS accounts in amounts proportionate to their respective beneficial interests in the Principal Amount as shown on the records of CDS or its nominee. It is expected that payments by CDS Participants to owners of beneficial interests in the global certificate held through such CDS Participants will be governed by standing instructions and customary practises, as is the case with securities held for the accounts of customers in bearer form or registered in “street name”, and will be the responsibility of such CDS Participants. The responsibility and liability of Citibank Canada or the Guarantor in respect of the Notes represented by the global certificate is limited to making payment of any amount due on the global certificate to CDS or its nominee. The Maturity Redemption Amount payable to Holders who subscribed their Notes through FundSERV will be paid to National Bank Trust and will then be distributed by the Agent to Holders in accordance with the register showing records of beneficial interest in the Notes maintained by the Agent.

Neither Citibank Canada, the Guarantor nor the Agent will assume any liability for: (a) any aspect of the records relating to the beneficial ownership of the Notes held by CDS or the payments relating thereto, (b) maintaining, supervising or reviewing any records relating to the beneficial ownership of the Notes, or (c) any advice or representations made by, or with respect to, CDS and the rules governing CDS, or any action to be taken by CDS or at the direction of the CDS Participants.

Citibank Canada retains the right, as a condition to payment of amounts at the Payment Date, to require the surrender for cancellation of any certificate evidencing the Notes.

### **Notices to Holders**

All notices to the Holders regarding the Notes will be validly given if (i) given through CDS to CDS Participants, or (ii) published once in a French language Canadian newspaper and in the national edition of an English language Canadian newspaper. Citibank Canada will give notice as aforesaid to the Holders of any material change or material fact relating to the Notes.

Weekly and monthly reports on the performance of the Indexes, including the Locked-In Performances, and the weekly Net Bid Price will be available on the Agent’s website at [www.openskycapital.com](http://www.openskycapital.com).

## **Amendments to the Notes**

The global certificate may be amended without the consent of the Holders by agreement between Citibank Canada and the Agent if, in the reasonable opinion of Citibank Canada and the Agent, the amendment would not materially and adversely affect the interests of the Holders. In other cases, the global certificate may be amended if the amendment is approved by a resolution passed by the favourable votes of the Holders of not less than 66<sup>2/3</sup>% of the Notes represented at a meeting convened for the purpose of considering the resolution. The quorum for a meeting of Holders is at least two Holders represented in person or by proxy holding at least 10% of the Notes outstanding. If a quorum is not present at a meeting within 30 minutes after the time fixed for the meeting, the meeting will be adjourned to another day, not less than 10 days or more than 21 days later, selected by Citibank Canada and notice will be given to the Holders of such adjourned meeting. The Holders present at the adjourned meeting will constitute a quorum. Each Holder is entitled to one vote per Note held by such Holder for the purposes of voting at meetings.

The Notes do not carry the right to vote in any other circumstances.

## **FUNDSERV**

Subscription for Notes must be made through dealers that facilitate purchase and related settlement through a clearing and settlement service operated by FundSERV Inc.

## **General Information**

FundSERV is owned and operated by both fund sponsors and distributors and provides distributors of funds and certain other financial products with online order access to such financial products. FundSERV was originally designed and is operated as a mutual fund communications network facilitating members in electronically placing, clearing and settling mutual fund orders. In addition, FundSERV is currently used in respect of other financial products that may be sold by financial planners, such as the Notes. FundSERV enables its participants to clear certain financial product transactions between participants, to settle the payment obligations arising from such transactions, and to make other payments between themselves.

## **Notes subscribed through FundSERV held in a trust account in trust for the beneficial Holders**

As stated above, all Notes will initially be issued in the form of a single global certificate to be delivered to and registered in the name of CDS. See “Book-Entry System” above for further details on CDS as a depository and related matters with respect to the global certificate. Holders of Notes will therefore have an indirect beneficial interest in the global certificate. That beneficial interest will be recorded in CDS as being held in an account established by the Agent at National Bank Trust, in trust for the beneficial Holders. The Agent will record in its books the respective beneficial interests in the Notes subscribed by Holders. A Holder should understand that the Agent will make such recordings as instructed through FundSERV by the Holder’s dealer.

## **Subscription through FundSERV**

In order to subscribe Notes through FundSERV, the subscription funds must be delivered to the Agent in immediately available funds at least four Business Days prior to the Settlement Date.

Upon receipt of the subscription funds, the Agent will deposit the funds in a trust account established by the Agent at National Bank Trust, in trust for the beneficial Holders. The Agent will pay to the investors interest on the funds at a rate equal to (i) the prime rate of National Bank of Canada less 2.5% if the subscription funds are delivered to the Agent in Canadian dollars, or (ii) the prime rate of National Bank of Canada less 4.5% if the subscription funds are delivered to the Agent in US dollars. The interest will be calculated from the date of receipt of the subscription funds by the Agent until (but excluding) the fourth Business Day immediately preceding the Settlement Date. The Agent will retain the difference between the aggregate amount of interest earned on the subscription funds and the amount of interest that the Agent has agreed to pay to the investor. On the Settlement Date, the subscription funds, together with the interest earned thereon by the investor, will be used by the Agent to subscribe for additional Notes (or portion thereof) for the benefit of the relevant beneficial Holders. Investors will have no right to receive a cash payment representing any interest earned on the subscription funds if the settlement of this offering is completed.

If Notes subscribed through FundSERV are not issued for any reason, the subscription funds will be returned forthwith to the investor together with the interest earned on such funds as described in the preceding paragraph.

## Sale through FundSERV

Holders may sell Notes, subject to the secondary market terms and conditions established by the Agent, by using the sale procedures of FundSERV. Holders, through their dealers, will need to initiate an irrevocable request to sell the Notes in accordance with the then established procedures of FundSERV. Generally, this means that the Holder's dealer will need to initiate the sale request by 4:00 p.m. (Eastern time) on the Wednesday of each week (or the following Business Day if such day is not a Business Day), or such other day or time as may hereafter be established by Citibank Canada and the Agent (the "Sale Deadline Date"). Any request received after such time will be deemed to be a request sent and received on the following week. Sale of the Notes will be effected at a sale price (the "Net Bid Price") established after the close of market on the Sale Deadline Date, equal to the "net asset value" of a Note for the applicable week, as posted to FundSERV by the Agent.

Holders should also be aware that from time to time such sale mechanism to sell Notes may be suspended for any reason without notice, thus effectively preventing Holders from selling their Notes. Potential investors requiring liquidity should carefully consider this possibility.

The Agent is the fund sponsor for the Notes within FundSERV. The Agent intends to post to FundSERV, under normal market conditions, the Net Bid Price for the Notes on a weekly basis, which Net Bid Price may also be used for valuation purposes in any statement sent to Holders. The Net Bid Price will actually represent the Agent's bid price for the Notes (i.e., the price it is offering to purchase Notes in the secondary market) for the applicable week. There is no guarantee that the Net Bid Price for any week is the highest bid price possible in any secondary market for the Notes, but will represent the Agent's bid price generally available to all Holders. Such bid price will take into account, in particular, the amount of Notes offered for sale in the secondary market.

A Holder holding Notes should realize that these Notes may not be transferable to another dealer, if the Holder were to decide to move his or her investment accounts to such other dealer. In that event, the Holder would have to sell the Notes pursuant to the procedures outline above.

## GUARANTEE

The Guarantor, a national banking association incorporated under the laws of the United States of America, will unconditionally and irrevocably guarantee to the Holders the payment in full of all amounts when due under the Notes, if such amounts have not been received by the Holders at the time such payment is due. The Guarantee will constitute a direct, general, unconditional and unsecured obligation of the Guarantor, will be a continuing guarantee, will be irrevocable and shall not be discharged except by the payment in full of all amounts due under the Notes. The Guarantee will rank equally and rateably with all unsecured and unsubordinated indebtedness of the Guarantor.

As at the date hereof, the long-term debt obligations of the Guarantor are rated AA by S&P and Aa1 by Moody's. A rating is not a recommendation to buy, sell or hold investments, and may be subject to revision or withdrawal at any time by the relevant rating agency.

## INDEXES

The following table lists each Index and its Bloomberg code. A more complete description of each Index is provided in Annex A to this Information Statement.

<b>Index</b>	<b>Bloomberg Code</b>
DJ Euro Stoxx 50 Index <sup>®</sup>	SX5E
S&P 500 <sup>®</sup> Index	SPX

Russell 2000 <sup>®</sup> Index	RUY
Natural Gas Price Index	NG1
DBIQ Global IG Sovereign USD Hedged Index <sup>®</sup>	DBSGUHL
S&P 500 Real Estate Index <sup>®</sup>	S5REAL
Basket of Metals Index	GPX and LOCADY

## **CALCULATION AGENT**

Citibank Canada will be the Calculation Agent with regard to the Notes. The Calculation Agent will be solely responsible for the determination and calculation of the Locked-In Performances, the Total Locked-In Performance and the Maturity Redemption Amount (including the components thereof), as well as for making certain other determinations with regard to the Notes and the Indexes. All determinations and calculations made by the Calculation Agent will be at the sole discretion of the Calculation Agent and will, in the absence of manifest error, be conclusive for all purposes and binding upon the Holders. Since Citibank Canada and the Calculation Agent are the same person, the Calculation Agent may have economic interest adverse to those of the Holders, including with respect to certain determinations that the Calculation Agent must make in determining the Maturity Redemption Amount, the Locked-In Performance, in determining whether a Market Disruption Event has occurred, and in making certain other determinations with regard to the Indexes. The Calculation Agent is obligated to carry out its duties and functions in good faith and using its reasonable judgment.

## **USE OF PROCEEDS**

The net proceeds of this offering (after payment of the expenses related to this offering, the amount payable to the Agent and the commission payable to the members of the selling group) will be used by Citibank Canada for general banking purposes.

## **RISK FACTORS**

Investment in the Notes is subject to certain risk factors. Investors should carefully consider the risks associated with acquiring and holding Notes, including the following factors:

### **Suitability for Investment**

An investor should reach a decision to invest in the Notes after careful consideration with his or her advisors, as to the suitability of the Notes in light of investment objectives and the information set out in this Information Statement. For instance, an investment in a Note is not suitable for a person seeking a guaranteed interest yield. None of Citibank Canada, the Guarantor or the Agent makes any recommendation as to the suitability of the Notes for investment by any person.

### **Comparison to Other Obligations**

The terms of the Notes differ from those of ordinary obligations or debt instruments, in that a return, if any, is payable on the Notes only at the Payment Date and only to the extent that the Maturity Redemption Amount exceeds the Principal Amount as at the Maturity Date. The Maturity Redemption Amount will exceed the Principal Amount only if the Total Locked-In Performance is positive. Such an appreciation is contingent on events that are inherently difficult to predict and which are beyond Citibank Canada's control. Accordingly, there can be no assurance that any such appreciation will occur, or that more than the Principal Amount will ever be payable with respect to the Notes. Moreover, the value of an investment in the Notes may diminish over time owing to inflation and other factors that adversely affect the present value of future payments. Accordingly, an investment in the Notes may result in a lower return when compared to alternative investments.

### **No Guaranteed Return on Notes**

While a Holder is entitled to payment on the Payment Date which cannot be less than the Principal Amount of the Note, the Notes do not bear interest and there can be no assurance that the Notes will show any return. Historical returns on the Indexes should not be considered as an indication of the future performance of the Notes. No assurance can be given, and none is intended to be given, that any of the Indexes will appreciate in the period during which the Notes are outstanding and that any return will be achieved on the Notes at the Maturity Date.

### **No Pledging**

The ability of a Holder to pledge the Notes or otherwise take action with respect to such Holder's interest in such Notes (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

### **Secondary Market for the Notes / Possible Illiquidity of Secondary Market**

The Notes will not be listed on any stock exchange. There is no assurance that a secondary market will develop.

Despite the fact that the Agent intends, subject to certain conditions, to maintain from October 2006 until the Maturity Date, under normal market conditions, a weekly secondary market for the Notes, it is not possible to predict how the Notes will trade in the secondary market or whether such market will be liquid or illiquid. Holders choosing to sell their Notes prior to the Maturity Date will receive a price which is not necessarily equal to the Principal Amount and which does not necessarily reflect the performance of the Indexes, including any Locked-In Performance, up to the date of such sale. The price at which a Holder will be able to sell the Notes prior to the Maturity Date may be at a discount, which could be substantial, from the Principal Amount, based upon one or more factors, such as the fact that the Principal Amount of \$100 per Note is payable at the Payment Date as well as a number of interrelated factors, such as the performance, the volatility and the correlation of the Indexes, the interest rates and the time remaining to the Maturity Date. The factors that will affect the trading value of the Notes interrelate in complex ways, as, for example, one factor may offset a potential increase in the trading value of the Notes caused by another factor. As an illustration, an increase in interest rates may offset some or all of any increase in the trading value of the Notes attributable to the performance of the Indexes.

### **Return not Reflective of an Investment in a Portfolio Composed of all Indexes until Maturity**

The Total Locked-In Performance, calculated only at the Maturity Date, will be the result of the product of each of the Locked-In Performances determined on each Locked-In Performance Determination Date. On each such Locked-In Performance Determination Date, an Index will be withdrawn and will therefore no longer be taken into account to determine future Locked-In Performances. As a result, the Locked-In Performances determined on the subsequent Locked-In Performance Determination Dates shall be determined from a lesser number of eligible Indexes. The investor is therefore not exposed to the same risk as if it held all the underlying securities until the Maturity Date.

### **Return not Reflective of Full Appreciation**

The Maturity Redemption Amount might not reflect the full appreciation of the Indexes as any Locked-In Performance is capped at 112.0%.

### **Risks Relating to the Indexes**

Historical levels of the Indexes should not be taken as an indication of their future appreciation. While the trading prices of the securities comprising the Indexes will determine their level, it is impossible to predict whether the level of the securities will increase or decrease. Trading prices of the securities making up the Indexes will be influenced by both the complex and interrelated political, economic, financial and other factors that can affect the capital markets generally and the equity trading markets on which the underlying securities are traded, and by various circumstances that can influence the value of a particular security. The composition of the Indexes may also change from time to time.

### **Return Does Not Necessarily Reflect Dividends and Distributions**

The performance of the Indexes will not necessarily reflect the payment of dividends and distributions on the securities underlying the Indexes, as the Indexes are not all calculated by taking into consideration the value of dividends and distributions paid on those securities. Therefore, the yield to maturity based on the methodology for calculating the Maturity Redemption Amount will not be the same as the yield which may be produced if such securities were purchased directly and held for the same period.

### **Hedging Transactions**

On or prior to the Settlement Date, Citibank Canada or an affiliate thereof, may hedge some or all of its anticipated exposure in connection with the Notes by the purchase and sale of exchange traded and over the counter options on the Indexes, individual securities included in the Indexes, or futures contracts on the Indexes and options on such futures contracts or by taking positions in any other instruments that it may wish to use in connection with such hedging. Citibank Canada is likely to modify its hedge position throughout the life of the Notes, including on each

date as of which a Closing Index Level is to be determined, by purchasing and selling the securities and instruments listed above and other available securities and instruments. Citibank Canada and its affiliates may also from time to time buy or sell the shares underlying the Indexes or derivative instruments related to the Indexes in connection with their normal business practices. Although Citibank Canada does not believe that such activities will have a material impact on the price of such options, shares, futures contracts, and options on futures contracts or on the levels of the Indexes, there can be no assurance that Citibank Canada or an affiliate thereof will not affect such prices as a result of such activities.

### **Conflict of Interest**

Since Citibank Canada and the Calculation Agent are the same person, the Calculation Agent may have economic interest adverse to those of the Holders, including with respect to certain determinations that the Calculation Agent must make in determining the Maturity Redemption Amount, the Locked-In Performance, in determining whether a Market Disruption Event has occurred, and in making certain other determination with regard to the Indexes.

### **Credit Risk**

Because the ultimate obligation to make payments to Holders of the Notes is incumbent upon the Guarantor, the likelihood that such Holders will receive the payments owing to them in connection with the Notes, including the Principal Amount, will be dependent upon the financial health and creditworthiness of the Guarantor.

### **Notes Do Not Constitute Insured Deposits**

The Notes will not constitute deposits that are insured under the *Canada Deposit Insurance Corporation Act* or any other deposit insurance regime.

### **Changes in Legislation**

There can be no assurance that income tax, securities and other laws will not be amended or changed in a manner which adversely affects the Holders.

## **CERTAIN CANADIAN INCOME TAX CONSIDERATIONS**

In the opinion of Fasken Martineau DuMoulin LLP, counsel to Citibank Canada and the Agent, the following is a summary of the principal Canadian federal income tax considerations generally applicable to a person who acquires Notes at the time of their issuance, pursuant to this offering and who, for purposes of the *Income Tax Act* (Canada) (the “Income Tax Act”) and at all relevant times, is or is deemed to be a resident of Canada, holds such Notes as capital property and deals at arm’s length with Citibank Canada. Notes will generally constitute capital property to a Holder thereof unless the Holder holds such Notes in the course of carrying on a business or has acquired such Notes in a transaction or transactions considered to be an adventure in the nature of trade. Certain Holders whose Notes might not otherwise qualify as capital property, may, in certain circumstances, treat such Notes and all of the Holder’s other Canadian securities as capital property by making an irrevocable election provided by subsection 39(4) of the Income Tax Act.

This summary is based upon the current provisions of the Income Tax Act, the regulations thereunder (the “Regulations”) and counsel’s understanding of the current published administrative practices and policies of the CRA, all in effect as of the date hereof. This summary also takes into account all specific proposals to amend the Income Tax Act and Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (“Tax Proposals”) and assumes all Tax Proposals will be enacted substantially as proposed. However, no assurance can be given that the Tax Proposals will be enacted as proposed, or at all.

The Income Tax Act contains provisions relating to securities held by certain financial institutions (the “Mark-to-Market rules”). This summary does not take into account the Mark-to-Market rules. Holders of Notes that are “financial institutions” for purposes of the Mark-to-Market rules should consult their own tax advisors.

This summary is not exhaustive of all possible Canadian federal income tax considerations and, except for the Tax Proposals, does not take into account or anticipate any changes in law, whether by legislative, governmental or judicial decision or action, or any changes in the administrative practices of the CRA. This summary does not take into account tax legislation of any province, territory or foreign jurisdiction. Provisions of provincial income tax legislation vary from province to province in Canada and may differ from federal income tax legislation.

This summary is of a general nature only and is not intended to be, nor should it be relied upon or construed to be, legal or tax advice to any particular Holder. Accordingly, Holders should consult their own tax advisors for advice with respect to the income tax consequences to them of acquiring, holding and disposing of Notes having regard to their particular circumstances.

### **Interest Allocated on Subscription Funds**

A Holder who is an individual (other than certain trusts) will be required to include in his or her income for the taxation year in which the Notes are issued, the amount of interest allocated to the Holder for the period beginning with the deposit of the subscription funds and ending with the Settlement Date. A Holder that is a corporation, among other entities, will be required to include, in computing income for a taxation year, the interest for the period beginning with the deposit of the subscription funds and ending with the Settlement Date that (i) accrues to it to the end of the taxation year, (ii) becomes receivable by it, or (iii) is received by it before the end of such taxation year, to the extent that the amount was not included in computing its income for a preceding taxation year.

### **Holding and Disposing of Notes**

The excess of the Maturity Redemption Amount over the Principal Amount of a Note can be ascertained, and the right to it arises, only at the Maturity Date. Consequently, the amount of such excess, if any, will only be included in the Holder's income, as interest, in the taxation year in which the Maturity Date occurs.

On a disposition of a Note resulting from the repayment by Citibank Canada at the Payment Date, a Holder should realize a capital gain (or a capital loss) to the extent that a payment received at such time, less reasonable costs of disposition and the amount, if any, required to be included in the Holder's income in the year of such a disposition as interest, exceeds (or is less than) the Holder's adjusted cost base of the Note.

It is unclear whether amounts received or deemed to be received by a Holder on a disposition or deemed disposition of a Note, other than a disposition resulting from a repayment by Citibank Canada, will be considered as giving rise to a capital gain or a capital loss, or to income or an ordinary loss. CRA has not expressed any opinion on this issue. Generally, an amount received or deemed to be received by a Holder on such disposition or deemed disposition of a Note will give rise to a capital gain (or a capital loss) to the Holder to the extent such amount, net of any reasonable costs of disposition, exceeds (or is less than) the Holder's adjusted cost base of the Note. It should be noted, however, that the tax consequences described in this paragraph will differ if the Holder disposes of a Note to Citibank pursuant to a private agreement. In this latter case, please see comments above concerning the redemption of a Note at the Maturity Date. Holders who dispose of a Note prior to the Maturity Date, particularly those who dispose of a Note within a short period of time prior to the Maturity Date or pursuant to a private agreement between Citibank Canada and a Holder, should consult their own tax advisor with respect to their particular circumstances.

Generally, one-half of any capital gain constitutes a taxable capital gain which must be included in the Holder's income in the year of disposition and one-half of any capital loss constitutes an allowable capital loss, which is deductible against taxable capital gains, subject to and in accordance with the provisions of the Income Tax Act. A Holder that is a Canadian-controlled private corporation may be subject to a refundable tax of  $6\frac{2}{3}\%$  on investment income, including taxable capital gains.

Capital gains realized by an individual or trust, other than certain trusts, may give rise to alternative minimum tax under the Income Tax Act.

### **PLAN OF DISTRIBUTION**

Under an agreement dated as of December 29, 2005 (the "Agency Agreement") between Citibank Canada and the Agent, the Agent has agreed to promote, on a best efforts basis, the sale of the Notes in Canada and to form a selling group for the purposes of offering the Notes if, as and when issued by Citibank Canada in accordance with the terms and conditions contained in the Agency Agreement. Citibank Canada will have the sole right to accept offers to purchase Notes and may reject any proposed purchase of Notes in whole or in part. Citibank Canada reserves the right to discontinue accepting subscriptions at any time without notice.

The closing of this offering is scheduled to occur on or about March 3, 2006.

**Subscription for Notes must be made through the mutual fund order entry system FundSERV under the mutual fund order code OPS 032.** Subscription funds received through FundSERV will be deposited in an account

established by the Agent at National Bank Trust, in trust for the beneficial Holders. The interest earned on the subscription funds will be used by the Agent to subscribe, for the benefit of the relevant beneficial Holders, for that number of additional Notes (or portion thereof) corresponding to the amount of earned interest. See “FundSERV – Purchase through FundSERV”. Citibank Canada has agreed to pay the Agent an amount equal to 2% of the gross amount of the Notes for the performance by the Agent of its obligations under the Agency Agreement and has agreed to pay the members of the selling group for the sale of the Notes a commission of 4% of the gross amount of the Notes.

The continuing obligations of the Agent under the Agency Agreement may be terminated and the Agent may withdraw all subscriptions for Notes on behalf of the subscribers at his discretion (i) on the basis of his assessment of the state of the financial markets; or (ii) upon the occurrence of certain other stated events.

There is currently no market through which the Notes may be sold. Citibank Canada does not intend to apply for listing of the Notes on any exchange.

The Agent intends, subject to certain conditions, to maintain from October 2006 until the Maturity Date, under normal market conditions, a weekly secondary market for the Notes, in which the maximum bid-offer spread will be 1.00% of the Net Bid Price (excluding commissions) when orders and settlements are made through FundSERV and 1.00% of the Principal Amount (excluding commissions) when orders and settlements are not made through FundSERV. In addition, Citibank Canada may, from time to time, purchase Notes for cancellation pursuant to private agreements between Citibank Canada and Holders. Sale orders and settlements may also be made through FundSERV. See “FundSERV”.

**Holders choosing to sell their Notes prior to the Maturity Date will receive a market price which is not necessarily equal to 100% of the Principal Amount and which does not necessarily reflect any increase in the Indexes to the date of such sale. See “Risk Factors – Secondary Market for the Notes / Possible Illiquidity of Secondary Market”.**

Citibank Canada reserves the right to issue additional notes and other debt instruments or deposit notes which may have terms substantially similar to the terms of the Notes offered hereby, which may be offered by Citibank Canada concurrently with the offering of Notes.

No Notes will be sold to US Persons, as defined in the regulations under the *US Commodity Exchange Act*.

A global certificate for the full amount of the offering will be issued in registered form to CDS and will be deposited with CDS on the Settlement Date. Subject to certain exceptions, certificates evidencing the Notes will not be available to Holders and registration of interests in and transfer of Notes will be made through the Book-Entry System of CDS. See “Description of the Notes - Book-Entry System”.

In connection with the issue and sale of the Notes, no person is authorized to give any information or to make any representation not expressly contained in this Information Statement or the global certificate and Citibank Canada does not accept responsibility for any information not contained herein. This Information Statement does not constitute, and may not be used for the purposes of, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorized or to any person to whom it is unlawful to make such offer or solicitation and no action is being taken to permit an offering of the Notes or the distribution of this Information Statement in the United States or to US Persons (as defined in the regulations under the *US Commodity Exchange Act*) or in any jurisdiction outside Canada where any action is required.

## ANNEX A

*The following information is derived from publicly available sources and is presented in summary form. As such, neither Citibank Canada nor the Agent nor any of their respective affiliates assumes any responsibility for the accuracy or completeness of such information. In addition, neither Citibank Canada nor the Agent nor any of their respective affiliates accepts any responsibility for the calculation or composition or other maintenance of, or any adjustment to, or for the level of the Indexes.*

### **DJ Euro Stoxx 50 Index<sup>®</sup>**

#### *Objective*

The objective of the Index is to provide a blue-chip representation of market sector leaders in the Eurozone. The Index covers Austria, Belgium, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, the Netherlands, Portugal and Spain.

#### *Unique Aspects*

The inception date of the Index is December 31, 1991 and the Index has a base value of 1000 as of such date. The Index captures approximately 60% of the free-float market capitalization of the Dow Jones Euro Stoxx Total Market Index, which in turn covers approximately 95% of the free-float market capitalization of the represented countries. The major industry groups covered in the Index as of September 30, 2005 are Banks (22.7%), Oil and Gas (13.0%), Insurance (11.2%), Utilities (10.1%) and Telecommunications (10.0%).

#### *Index Universe*

The Index universe is defined as all components of the 18 Dow Jones Euro Stoxx Supersector indexes. The Dow Jones Euro Stoxx Supersector indexes represent the Eurozone portion of the Dow Jones Stoxx 600 Supersector indexes. The Dow Jones Stoxx 600 Supersector indexes contains the 600 largest stocks traded on the major exchanges of 17 European countries.

#### *Selection List*

Within each of the 18 Dow Jones Euro Stoxx Supersector indexes, the component stocks are ranked by free-float market capitalization. The largest stocks are added to the selection list until the coverage is close to, but still less than, 60% of the free-float market capitalization of the corresponding Dow Jones Euro Stoxx TMI Supersector index. If the next-ranked stock brings the coverage closer to 60% in absolute terms, then it is also added to the selection list.

Any remaining stocks that are current Dow Jones Euro Stoxx 50 components are added to the selection list.

The stocks on the selection list are ranked by free-float market capitalization. In exceptional cases, the Stoxx Limited Supervisory Board may make additions and deletions to the selection list.

#### *Stock Selection*

The 40 largest stocks on the selection list are chosen as components.

Any remaining current components of the Dow Jones Euro Stoxx 50 ranked between 41 and 60 are added as Index components.

If the component number is still below 50, then the largest stocks on the selection list are added until the Index contains 50 stocks.

### Review Frequency

The Index composition is reviewed annually in September.

### Weighting

The Index is weighted by free-float market capitalization. Each component's weight is capped at 10% of the Index's total free-float market capitalization. Weights are reviewed quarterly.

The following chart shows the performance of the Index for the period from January 31, 1990 to and including November 30, 2005:

### Disclaimer

“Dow Jones” and “DJ Euro Stoxx 50 Index®” are service marks of Dow Jones & Company, Inc. and/or STOXX Limited and have been licensed for use for certain purposes by Citibank Canada. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN DOW JONES, STOXX AND CITIBANK CANADA.**

### **S&P 500<sup>®</sup> Index**

Standard & Poor's publishes the S&P 500<sup>®</sup> Index. The S&P 500<sup>®</sup> Index is a capitalization-weighted index and is intended to provide an indication of the pattern of common stock price movement. The calculation of the value of the S&P 500<sup>®</sup> Index, discussed below in further details, is based on the relative value of the aggregate market value of the common stocks of 500 companies as of a particular time compared to the aggregate average market value of the common stocks of 500 similar companies during the base period of the years 1941 through 1943. Standard & Poor's chooses companies for inclusion in the S&P 500<sup>®</sup> Index with the aim of achieving a distribution by broad industry groupings that approximates the distribution of these groupings in the common stock population of the New York Stock Exchange, which Standard & Poor's uses as an assumed model for the composition of the total market. Relevant criteria employed by Standard & Poor's include the viability of the particular company, the extent to which that company represents the industry group to which it is assigned, the extent to which the market price of that company's common stock is generally responsive to changes in the affairs of the respective industry and the market value and trading activity of the common stock of that company. Six main groups of companies comprise the S&P 500<sup>®</sup> Index with the number of companies included in each group expressed as a percentage of the S&P 500<sup>®</sup> Index, as of December 31, 2004, indicated in parentheses: Financials (20.6%), Information Technology (16.1%), Health Care (12.7%), Industrials (11.8%), Consumer Discretionary (11.9%) and Consumer Staples (10.5%). Changes in the S&P 500<sup>®</sup> Index are reported daily on Standard & Poor's website (<http://www.spglobal.com>) and in the financial pages of many major newspapers and on the Bloomberg Financial Service under the symbol "SPX". The S&P 500<sup>®</sup> Index does not reflect the payment of dividends on the stocks included in the S&P 500<sup>®</sup> Index.

In practice, the daily calculation of the S&P 500<sup>®</sup> Index is computed by dividing the total market value of the 500 companies in the Index by a number called the Index divisor. The divisor is an arbitrary number. However, it is the only link to the original base period value of the S&P 500<sup>®</sup> Index. The divisor keeps the S&P 500<sup>®</sup> Index comparable over time and is the manipulation point for all S&P 500<sup>®</sup> Index maintenance adjustments.

Maintaining the S&P 500<sup>®</sup> Index includes monitoring and completing the adjustments for company additions and deletions, share changes, stock splits, stock dividends, and stock price adjustments due to restructurings or spinoffs. Some corporate actions, such as stock splits and stock dividends, require simple changes in the common shares outstanding and the stock prices of the companies in the S&P 500<sup>®</sup> Index. Other corporate actions, such as share issuances, change the market value of the S&P 500<sup>®</sup> Index and require an index divisor adjustment to prevent the value of the S&P 500<sup>®</sup> Index from changing due to the corporate action.

Adjusting the index divisor for a change in market value leaves the value of the S&P 500<sup>®</sup> Index unaffected by the corporate action. This helps keep the value of the S&P 500<sup>®</sup> Index accurate as a barometer of stock market performance and ensures that the movement of the S&P 500<sup>®</sup> Index does not reflect the corporate actions of the companies in the S&P 500<sup>®</sup> Index. All divisor adjustments are made after the close of trading and after the calculation of the closing value of the S&P 500<sup>®</sup> Index. Any change in the S&P 500<sup>®</sup> Index divisor also affects the corresponding Standard & Poor's major industry sector, economic sector, and individual industry group divisors.

### *Criteria for Additions*

**Market Value** – The S&P 500<sup>®</sup> Index is a market-value weighted index. The companies chosen for the S&P 500<sup>®</sup> Index generally have the largest market value within their industry.

**Industry Group Classification** – Companies selected for the S&P 500<sup>®</sup> Index represent important industry segments within the US economy.

**Capitalization** – Ownership of a company’s outstanding common shares is carefully analyzed in order to screen out closely held companies.

**Trading Activity** – The trading volume of a company’s stock is analyzed on a daily, monthly, and annual basis to ensure ample liquidity and efficient share pricing.

**Fundamental Analysis** – Both the financial and operating condition of a company are rigorously analyzed. The goal is to add companies to the S&P 500<sup>®</sup> Index that are relatively stable and will keep turnover in the S&P 500<sup>®</sup> Index low.

**Emerging Industries** – Companies in emerging industries and/or new industry groups—industry groups currently not represented in the S&P 500<sup>®</sup> Index are candidates for the S&P 500<sup>®</sup> Index as long as they meet the guidelines listed above.

### *Criteria for Removal*

**Merger, Acquisition, Leveraged Buyout** – A company is removed from the S&P 500<sup>®</sup> Index as close as possible to the actual transaction date.

**Bankruptcy** – A company is removed from the S&P 500<sup>®</sup> Index immediately after Chapter 11 filing or as soon as an alternative recapitalisation plan that changes the company’s debt/equity mix is approved by shareholders.

**Restructuring** – Each company’s restructuring plan is analyzed in depth. The restructured company as well as any spinoffs are reviewed for index inclusion or exclusion in the S&P 500<sup>®</sup> Index.

**Lack of Representation** – A company can be removed from the S&P 500<sup>®</sup> Index because it no longer meets current criteria for inclusion and/or is no longer representative of its industry group.

The following chart shows the performance of the Index for the period from January 31, 1990 to and including November 30, 2005:

*Disclaimer*

“SPDR®”, “Standard & Poor’s®”, “S&P®”, “S&P 500®”, “Standard & Poo’s 500” and “500” are trademarks (the “S&P Marks”) of The McGraw-Hill Companies, Inc. used in connection with the Index. The S&P Marks have been licensed for use by Citibank, N.A., its affiliates and subsidiaries. The Notes are not sponsored, endorsed, sold or promoted by Standard & Poor’s. Standard & Poor’s makes no representation, warranty or condition, express or implied, to the owners of the Notes or any member of the public regarding the advisability of investing in securities generally or in the Notes particularly or the ability of the Index to track general stock market performance or any other economic factors. Standard & Poor’s only relationship to Citibank, N.A., its affiliates and subsidiaries, is the licensing (or sublicensing) of certain trademarks and trade names of Standard & Poor’s and/or of the Index which is determined, composed and calculated by Standard & Poor’s without regard to Citibank Canada or the Notes. **TO THE INDEX OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL STANDARD & POOR'S HAVE ANY LIABILITY FOR ANY SPECIAL, PUNITIVE, INDIRECT, OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES.**

While Standard & Poor's currently employs certain methodology to calculate the Index, no assurance can be given that Standard & Poor's will not modify or change such methodology in a manner that may affect any amount which may be payable to the Holders. Standard & Poor's is under no obligation to continue the calculation and dissemination of the Index. Citibank Canada and Citibank, N.A. shall have no responsibility for the calculation and dissemination of either of the Index or any errors or omissions therein.

**Nikkei 225™ Index**

The Nikkei 225™ Index (the “Nikkei”) is a price-weighted index of 225 top-rated Japanese companies listed in the First Section of the Tokyo Stock Exchange (the “TSE”) representing a broad cross-section of Japanese industries. Stocks listed in the First Section of the TSE are among the most actively traded stocks on the TSE. The Nikkei has been calculated continuously since September 7, 1950. Before that date, the TSE calculated the Tokyo Stock Exchange Adjusted Average Stock Price, so index-based measurement of the market actually goes back to May 16, 1949.

The 225 companies included in the Nikkei are divided into six sector categories: Technology, Financials, Consumer Goods, Materials, Capital Goods/Others and Transportation and Utilities.

The following chart shows the performance of the Index for the period from January 31, 1990 to and including November 30, 2005:

*Disclaimer*

“Nikkei”, “Nikkei Stock Average” and “Nikkei 225” are service marks of Nihon Keizai Shimbun, Inc. (“Nihon”) and have been licensed for use by Citibank Canada. The Notes are not sponsored, endorsed, sold or

promoted by Nihon. Nihon makes no representation or warranty, express or implied, to the owners of the Notes or any member of the public regarding the advisability of investing in securities generally or in the Notes particularly or the ability of the Nikkei 225™ Index to track general stock market performance or a segment of the same. Nihon's publication of the Nikkei 225™ Index in no way suggests or implies an opinion by Nihon as to the advisability of investment in any or all of the securities upon which the Nikkei 225™ Index is based. Nihon's only relationship to Citibank Canada is the licensing of certain service marks of Nihon or the Nikkei 225™ Index which is determined, composed and calculated by Nihon without regard to Citibank Canada or the Notes. Nihon is not responsible for and has not reviewed the Notes nor any associated literature or publications and Nihon makes no representation or warranty express or implied as to their accuracy or completeness, or otherwise. Nihon reserves the right, at any time and without notice, to alter, amend, terminate or in any way change the Nikkei 225™ Index. Nihon has no obligation or liability in connection with the administration, marketing or trading of the Notes.

**NIHON EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS OR WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE NIKKEI 225™ INDEX OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL NIHON HAVE ANY LIABILITY (WHETHER IN NEGLIGENCE OR OTHERWISE) TO ANY PERSON FOR ANY SPECIAL, PUNITIVE, DIRECT, INDIRECT, CONSEQUENTIAL, OR ANY OTHER DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES.**

### **Russell 2000® Index**

The Russell 2000® Index offers investors access to the small-cap segment of the US equity universe. The Russell 2000® Index is constructed to provide a comprehensive and unbiased small-cap barometer and is completely reconstituted annually to ensure larger stocks do not distort the performance and characteristics of the true small-cap opportunity set.

The Russell 2000® Index accounts for about 11% of the US equity market and contains the 2,000 smallest companies of the Russell 3000® Index. The Russell 3000® Index accounts for about 98% of the US equity market and contains the largest 3,000 companies incorporated in the United States and its territories. The companies are ranked by decreasing total market capitalization. All companies listed on any US exchange are considered for inclusion in the Index subject to the conditions described below.

#### *Minimum Trading Price*

Stocks must trade at or above US\$1.00 on May 31 to be eligible for inclusion in the Index. However, if a stock falls below US\$1.00 intra-year, it will not be removed from the Index until the next reconstitution if it is still trading below US\$1.00.

#### *Class of Stock*

Determining a company's inclusion in the Index is based on total market capitalization. Total market capitalization is determined by combining all common stock share classes (outstanding). If multiple share classes have been combined, the price of the primary vehicle (usually the most liquid) is used in our calculations.

#### *Primary Trading Vehicle*

Primary trading vehicles are determined by an objective equal-weighted matrix of relative trading volume, price and float-adjusted shares outstanding as of May 31. The common share class with the highest trading volume, price and float-adjusted shares outstanding (or highest combination of the three) will be considered the primary trading vehicle and its associated price and trading symbol will be included as a member in the Russell indexes.

Beginning with Reconstitution 2003, current members of the Russell 3000® Index with multiple common share classes will be evaluated according to a secondary matrix if the original matrix signals a membership change at reconstitution. Used only to evaluate current Russell 3000 members at reconstitution time, this secondary matrix has been established to gauge materiality of the differences between variables. While maintaining objective criteria, the purpose of the secondary matrix is to prevent small differences from influencing membership and causing share

turnover. As such, variables will be excluded from the matrix if the difference between the current and alternate class is immaterial.

In the event that the secondary primary trading vehicle matrix results in a tie, preference will be given to the class having a combination of both materially higher trading volume and float-adjusted shares outstanding. Otherwise, when the matrix results in a “tie”, preference is given to the existing member.

Primary trading vehicles will be determined at reconstitution and maintained until the following reconstitution, unless significant corporate actions occur. In the event of a significant corporate action, the primary vehicle will be re-evaluated and could change based on the most current available information. In the event that the primary trading vehicle matrix has missing or identical data for each class, the primary trading vehicle will be determined based on available market information.

#### *Other Excluded Stocks*

Because the Index tries to capture performance of each company's primary equity vehicle, the following share types are not eligible for inclusion:

- Preferred and convertible preferred stock, redeemable shares, participating preferred stock, warrants and rights, trust receipts, royalty trusts, limited liability companies, bulletin board, pink sheet stocks, closed-end investment companies, limited partnerships, and foreign stocks;
- As a special exception, Berkshire Hathaway is also excluded.

#### *Deadline for Inclusion*

Stocks must be trading on May 31 and Russell must have access to documentation verifying the company's eligibility for inclusion. This information includes corporate description, incorporation, shares outstanding, and other information needed to determine eligibility. As a result, companies that start trading in June, or companies that started to trade prior to May 31, but failed to provide the required information, are excluded until the next reconstitution.

#### *Corporate Actions Affecting the Indexes*

##### *“No Replacement” Rule*

Securities that leave the index, between reconstitution dates, for any reason (i.e., mergers, acquisitions, or other similar corporate activity) are not replaced. Thus, the number of securities in the indexes over the year will fluctuate according to corporate activity.

##### *Rule for Corporate Action-Driven Changes*

Beginning April 1, 2003 changes resulting from corporate actions will generally be applied at the open of the ex-date using the previous day's closing prices.

- Reclassification of shares, Mergers & Acquisitions, Spin-offs and Reorganizations: Adjustments will be made at the open of the ex-date using previous day closing prices;
- Re-incorporations and exchange delisting: Deleted entities will be removed at the open on the day following re-incorporation or delisting using previous day closing prices (including OTC prices for delisted stocks);

When acquisitions or merges take place within the Russell 3000 Index, the stock's capitalization moves to the acquiring stock. Shares are updated for the acquiring stock at the time the transaction is final. Prior to April 1, 2000, if the acquiring stock was a member of a different index (i.e., Russell 1000 or Russell 2000), the shares for the acquiring stock were not adjusted until month end.

### *Rule for Additions*

The only additions between reconstitution dates are as a result of spin-offs and initial public offerings. Spin-off companies are added to the parent company's index and capitalization tier of membership if the spin-off is large enough. To be eligible, the spin-off company's total market capitalization must be greater than the *market-adjusted* total market capitalization of the smallest security in the Russell 3000E™ Index at the latest reconstitution. As of March 2003, the spin-off company's style index is determined by the style index membership of the parent entity.

### *Quarterly IPO Additions*

Beginning September 2004, eligible IPOs are added to Russell US indexes at the end of each calendar quarter according to the schedule below. IPOs will be added to Russell's US Index family based on total market capitalization ranking within the market-adjusted capitalization breaks established during the most recent reconstitution. Market adjustments will be made using the returns of the broad market Russell 3000. Eligible IPOs will be added to the Russell style indexes using their industry's average style probability established at the latest reconstitution.

In order to be added during a quarter outside of reconstitution, Initial Public Offerings must meet all Russell US Index eligibility requirements. Additionally, IPOs must meet the following criteria on the final trading day of the month prior to quarter-end (1) price/trade and (2) rank larger in total market capitalization than the *market-adjusted* smallest company in the Russell 3000E™ Index as of the latest June reconstitution and (3) meet criteria listed in (1) and (2) during an initial offering period.

### *Updates to Share Capital Affecting the Indexes*

Each month, Russell indexes are updated for changes to shares outstanding as companies report changes in share capital to the SEC. Effective April 30, 2002 only cumulative changes to shares outstanding *greater* than 5% will be reflected in the Russell US indexes. This does not affect treatment of major corporate events, which are effective on the ex-date.

### *Weighting*

Stock included in the Russell 2000® index are weighted by available market capitalization after adjusting for float. The purpose of this adjustment is to exclude from market calculations the capitalization that is not available for purchase and is not part of the investing opportunity set<sup>1</sup>.

For more information, see [www.russell.com](http://www.russell.com).

---

<sup>1</sup> Failure to adjust for cross-holdings in stocks results in inflated valuation ratios such as P/E, P/Sales and ROE, but it does not affect B/P.

The following chart shows the performance of the Index for the period from January 31, 1990 to and including November 30, 2005:

**PUNITIVE, INDIRECT, OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES.**

**Natural Gas Price Index**

The Natural Gas Price Index is based upon the generic first future price in US dollars of one MMBtu of natural gas (where “BTU” means British thermal units and “MM” means a thousand thousand BTUs). Natural gas is a mixture of hydrocarbon gases that occurs with petroleum deposits, principally methane together with varying quantities of ethane, propane, butane, and other gases, and is used as a fuel and in the manufacture of organic compounds. Natural gas plays a major role in many developed countries’ energy profiles. In the United States it accounts for almost a quarter of total energy consumption.

The following chart shows the performance of the Index for the period from April 30, 1990 to and including November 30, 2005:

**DBIQ Global IG Sovereign USD Hedged Index<sup>®</sup>**

The DBIQ Global IG Sovereign USD Hedged Index<sup>®</sup> covers the investment grade Sovereign debt segment of the DBIQ index map. The Index covers 21 countries with an inception date of December 31, 1997. The countries included in the Index are: Australia, Austria, Belgium, Britain, Canada, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Japan, Netherlands, New Zealand, Norway, Portugal, Spain, Sweden, Switzerland and the United States. The objective of producing a highly liquid and replicable index has been achieved by defining strict and transparent index rules with high liquidity requirements resulting in only the most actively traded debt of each country being captured.

The DBIQ Global IG Sovereign USD Hedged Index<sup>®</sup> rules have been designed so that each country is weighted by the liquid portion of the Sovereign domestic debt market. The index rules are:

- Bond issued by Sovereign State in the state’s national currency
- More than 1 year to maturity
- Total issue life at least 13 months

No Privately issued debt  
Minimum issue size criteria vary by country

The DBIQ Global IG Sovereign USD Hedged Index<sup>®</sup> has a return history since January 1998. All DBIQ Global Sovereign return calculations are based upon a monthly-rebalanced universe. The monthly-rebalanced universe is fixed at the start of each month and remains constant through the month. Membership of the monthly index on any given day implies that the bond contributes to returns for that day. The month to date price return is calculated using the closing market price for that day, the closing price as of the end of last month. Intra-period cash flows (i.e. for coupons, partial-calls and any redemptions) for the monthly universe are held as cash until the end of the period. The cash holding is then re-invested in the entire index.

All indices are using the EFFAS (The European Federation of Financial Analysts' Societies) standards. Index data is produced for all calendar days using a t+0 settlement convention.

The total return of a bond reflects the entire return of the bond from all different sources, including any return from hedging the bond from its base currency into U.S. dollars, as a percentage of the beginning value of the bond.

The index level return is the weighted average bond return of the set of bonds in the given index. The weight for each bond is determined by using the market value expressed in U.S. dollars from the last calendar day of the previous rebalancing period.

$$\text{IndRet} = \frac{\sum (\text{MVi} * \text{Reti})}{\sum \text{Mvi}}$$

The index level is calculated by compounding the index returns.

$$\text{IndLeve} = \text{IndLevb} * (1 + \text{IndRet})$$

Where:

IndRet = Index Return

IndLeve = Index level Ending

IndLevb = Index level Beginning

Reti = Return of bond i (including any return from hedging the bond from its base currency into U.S. dollars)

Mvi = Market value of bond i on last calendar day of the previous rebalancing period

The following chart shows the performance of the Index for the period from December 31, 1997 to and including November 30, 2005:

**DBIQ Global IG Sovereign USD Hedged Index®**

**Basket of Metals Index**

The Basket of Metals Index is an Index on a basket, 50% of which is composed of the performance, from the Settlement Date, of the spot price in US dollars of copper and 50% of which is composed of the performance, from the Settlement Date, of the GSCI® Precious Metals Spot SubIndex.

*Copper*

Copper is a malleable, ductile, reddish-brown metal, which rarely occurs in pure form in nature. It is usually found in sulfides or oxides. Its symbol is Cu, taken from “cuprum”, the Latin name for the island of Cyprus which was famed for its copper mines. It is most often used as a conductor of heat and electricity and is widely used for electrical wiring, water piping and corrosion-resistant parts, either pure or in alloys such as brass and bronze. Its alloys are used in jewellery and for coins.

The following chart shows the performance of copper from January 31, 1990 to and including November 30, 2005:

*GSCI® Precious Metals Spot SubIndex*

The GSCI® Precious Metals Spot SubIndex is a sub-index of the Goldman Sachs Commodity Index (GSCI®) (the “GSCI®”).

The GSCI® is designed to provide investors with a reliable and publicly available benchmark for investment performance in the commodity markets comparable to the S&P 500 or FT equity indices. As such, the GSCI® is a

composite index of commodity sector returns, representing an unleveraged, long-only investment in commodity futures that is broadly diversified across the spectrum of commodities. The GSCI® Precious Metals Spot SubIndex is a spot index, the returns of which are calculated from the level of nearby commodity prices. The combination of these attributes provides investors with a representative and realistic picture of realizable returns attainable in the commodities markets.

Individual components qualify for inclusion in the GSCI® on the basis of liquidity and are weighted by their respective world production quantities. The principles behind the construction of the index are public and designed to allow easy and cost-efficient investment implementation. Possible means of implementation include the purchase of GSCI®-related instruments, such as the GSCI® futures contract traded on the Chicago Mercantile Exchange (CME) or over-the-counter derivatives, or the direct purchase of the underlying futures contracts.

All sub-indices of the GSCI®, including the GSCI® Precious Metals Spot SubIndex, follow the same rules regarding world production weights, methodology for rolling and other functional characteristics as disclosed in the GSCI® manual.

As of December 7, 2005, the GSCI® Precious Metals Spot SubIndex was comprised of 89.2% of gold and 10.8% of silver.

The following chart shows the performance of the GSCI® Precious Metals SubIndex for the period from March 31, 1994 to and including November 30, 2005:

**GSCI Precious Metals Spot SubIndex**

*Disclaimer*
